The Natural Lift Facial

60/90 mins - £135/£185

A facial to bring back a natural lift and a bit of life to the skin. We begin with a deep cleanse and gentle exfoliation to refresh the complexion, followed by nourishing products chosen for you on the day. Usingsmooth Gua Sha stones and slow, considered massage, your therapist works across the face to encourage movement, ease tension and help restore tone. Skin is left feeling firmer, looking brighter and quietly refreshed, with a soft, healthy glow. Finished with a tailored mask and a layer of nourishing products to settle and restore.
90 minute facials include a back massage.

Upper Body Unwind

60/90 mins - £135/£185

A simple sort-out for tight shoulders and tired skin. We start with a proper back scrub to work away dry skin-leaving everything smoother and refreshed. After a warm cleanse, a slow, calming back massage eases built-up tension and helps you properly unwind. Then it's onto a facial, tailored to your skin on the day. We'll cleanse, gently exfoliate and restore, finishing with a relaxing facial massage to bring back that fresh, just-back-from-the-country glow. You'll leave feeling lighter, brighter and a little more put together.

The Made-For-You Massage

60/90 mins - £135/£185

A proper, head-to-toe massage, shaped around you. We'll start with a quick chat to see what you're in need of - whether that's stretching out after a long walk, softening tired shoulders, or simply switching off for a while. From there, your therapist will tailor everything, from pressure to pace, using a mix of slow, flowing movements and deeper, targeted work where it's needed most. Expect muscles to loosen, minds to quieten, and skin to be gently nourished with warm, aromatic oils. You'll leave feeling more like yourself again.

The Natural Glow Facial

60/90 mins - £135/£185

A freshen-up for skin that's looking a little tired or lacklustre. We start with a deep cleanse to clear the day away, followed by a resurfacing exfoliation facial massage. A brightening mask, chosen for your skin on the day, helps to even things out and restore moisture where it's needed. This facial encourages circulation and brings a natural, healthy colour back to the skin.

90 minute facials include a back massage.

Warm Stones Massage

60/90 mins - £145/£195

A deeply warming massage to help you properly settle in. Heated stones are used alongside unhurried, flowing movements, allowing warmth to sink into the body. The heat gently softens and relaxes, encouraging everything to slow down without the need for firm pressure. It's a more immersive, comforting experience - ideal when you're feeling run down or in need of a bit of stillness. You'll leave feeling calm and quietly restored.

Pregnancy Massage

60/90 mins - £135/£185

A gentle, comforting massage designed to support you through pregnancy. Adapted as your body changes, we focus on areas that tend to feel it most - lower back, hips, legs and shoulders - helping to ease everyday aches. You'll be carefully supported throughout, so you can properly relax, while slow, soothing movements help release tension and encourage a sense of calm. Using carefully chosen oils, everything is designed to feel safe and quietly restorative. A chance to lie back, switch off and have a moment to yourself.

For your safety and peace of mind, expectant mothers must be past their first trimester to have the Pregnancy Massage.

The Garden Reset

Personalised Full Body Massage & Facial

120 mins - £245

A long, unhurried treatment for when you need to slow down. Begin with a full body massage, shaped around what your body needs on the day - easing tension and helping you unwind. Then it's onto a personalised facial, with a deep cleanse, gentle exfoliation and nourishing mask, finished with a relaxing facial massage. You'll leave feeling calmer, quieter, and in no particular rush to get up.
